

A photograph of four teenagers (two boys and two girls) dancing joyfully in front of a Ferris wheel at night. The Ferris wheel is illuminated with colorful lights, and the scene is set against a dark blue sky. The teenagers are wearing casual clothing: a blue t-shirt and grey pants for the boy on the left, a white t-shirt and black skirt for the girl next to him, a green t-shirt and grey cargo pants for the boy next to her, and a pink t-shirt and dark jeans for the girl on the right. They all have their arms raised in the air, suggesting a lively and fun atmosphere.

# It was a long way down

9

Captain Clark is in Bombay in India. But he is in hospital. He had an accident yesterday. He fell off an elephant!

NURSE When did it happen?

MR CLARK Yesterday. It was a lovely day until this happened.

NURSE How did you fall off?

MR CLARK Well, one of the guides shot a snake and surprised the elephant. He threw me off and I landed badly. It was a long way down! The pain was awful.

NURSE When you landed you hurt yourself. You broke your arm and leg, and you have concussion. You banged your head, you see.

MR CLARK Yes, I still feel dizzy. Otherwise am I OK?

NURSE Well, you cracked two ribs...

MR CLARK Oh.

NURSE ...and dislocated your shoulder.

MR CLARK I see.

NURSE ...and broke your wrist.

MR CLARK Oh dear.

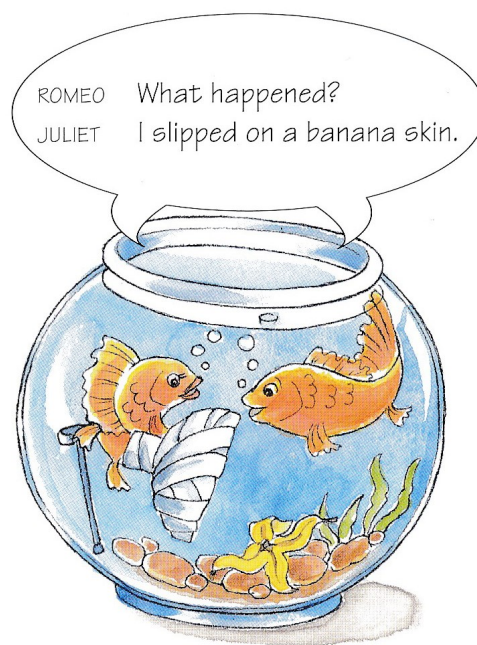

NURSE And you sprained about four fingers. No flying for you for a while! Did anyone help you when you hit the ground?

MR CLARK The guide saw me fall and immediately called an ambulance, which brought me here. My friend Raj took my things for me, and he phoned my family to tell them what happened.

NURSE How did they react?

MR CLARK They were worried, yes. My wife told me to be careful. Anyway, I got some great video shots of the elephant. Did anyone find my camcorder?

NURSE Sort of. The ambulance driver told me that the elephant stood on it when you fell off.
